

WEEK OF BOUNTY REPORT (MAY 2009)

It was a week of generous giving. People gave out of hearts full of love, for they gave their best belongings of all kinds. We received clothes for children and adults, electric stoves, Television set, braai stand, bedding, shoes, pots, dishes, lady's hand bags, tinned stuffs, type writers, walking sticks, toys, bicycles, bibles, books, prams, blankets and packets of rice.

Most of the gifts were given to people in Soshanguve, Mabopane Wintersnest, Mogogela Mogodu Orphanage Home in Hammanskraal, Pretoria North, Eersterust and Hebron. We gave some to the people in the Church. We were also able to bless the TCN pastors some of the gifts like blankets bags of beans, bicycles, suits and stoves.

Since the giving did not stop on the 31st of May, we continued blessing the community. Some are desperate for everything but cannot afford to come to the church to fetch whatever they needed therefore we delivered their gifts to them.

The church showed love to the community in a most meaningful way. We really shared our best with the community. There is a family that started to come to church after receiving gifts during the week of bounty. We praise God.

It seems we will not stop receiving and giving the more we give the more we receive. We must enlarge our store house.

“Thanks to Hatfield Christian Church North for the stove. Praise God! Halellujah! God is alive! Now I can cook with more than one pots at the time. I will cook quickly and be able to be in Church on time.” said Mrs Jeanette Mabusela the wife to pastor Ezekiel Mabusela in Soshanguve. The stove was delivered into her house from the church on the 31/06/2009.

“Thank you Shadrack may your church be blessed for giving me a stove I used to cook on one plate stove for years and now life will be better for my wife and my children. We now know that you care.” said Pastor Ezekiel Mabusela.

Pastor Mary Mnisi of Hand of God Ministries rubbing her hands together like a real beggar: “I am visiting a patient in George Mkhari Hospital and she is desperately in need of crutches, may I have these crutches for her?” Before I could answer her, tears fell down her cheeks and when I said “Yes you can”, she jumped like a small girl for a sweet lolly pop. And she said that God really answers prayers. Amen. We gave her clothes for the patients in hospital and for the community. She also got curtains for her sink church building, as well as a bag of brown beans, purity bottles for the babies in the community, toys for the little ones and shoes for those who needed them.

This family became the receipt of some of the gifts from the church at a time when it was hard and difficult to survive. None of them are working and they live on hand outs. They came to church to receive their gifts and promised to come to church and serve the Lord. Their small boy got a nice bicycle. "Baie dankie oom die fiets is mooi en ry baie lekker" sê die seun met 'n groot glimlag en dankbare hart.

TCN pastor Peter Dlamini in his new suit and a bicycle he got from the church. He is going to be able to visit his church members and spread

the gospel in Soshanguve Ext. 10. He has a bicycle, clothes and food but does not have a house this shack belongs to someone else who wants him out by the next day.

This lady got a gift of clothes from the church.

The tekkies fit this gentleman well and he is so thankful.

"Look now I can move around and see all I want to see around me".

"I feel very warm in this jacket. Thank you Hatfield Christian Church North".

"This shirt fits me well. Thank you Hatfield Christian Church North".

"This is going to fit my son. Last time I bought him new clothes was in 2002".

The storhouse is full.

"I have 7 kids and I am expecting the last one. I did not have clothes for all of them until today through the help of Hatfield Christian Church North's generosity. It is like I am in the clothing shop, the only different is that all is been paid for."

"Look they provided us with all sizes for us and our children."

These crutches are going to help somebody to walk again.
